Autism Awareness Association Luxembourg

The purpose of the **3AL Autism Awareness Association Luxembourg** is to promote awareness in the Grand Duchy of Luxembourg issues affecting people with autism and other pervasive developmental disorders and their families, the right of independence, the respect and self esteem, the right to education, equal opportunities and social inclusion, the right to work, participate in everyday life, leisure and the practice of sport. In particular, the association offers individual care, which is based on the principles of the **applied behavioural analysis (“ABA”)**.

Our association offers:

- Assistance to families for the diagnosis and the management of different kinds of therapy
- Individual support and follow-up of individuals in applied behavioural analysis for people with autism
- Parent training
- Sport activities
- Recreational activities
- Family days: events for families (excursions, parties, sports tournaments, etc)
